Learn a Language with your Child

Attention!

Your child is probably already learning a Modern Foreign Language at school.

Young children learn languages fast. Will you be able to keep up with them? You may feel you need a quick refresher course. You may just want to be able to communicate with people in their own language when you go on holiday!

Language teaching methods are quite different nowadays and you will be surprised at the rapid progress you can make. Learning a language is fun and is also a proven form of brain-training!

As a Training School, Woodchurch High is able to provide you with a unique opportunity to learn a language alongside your child/children. We are offering evening courses in both basic French and Spanish. The classes are open to parents/guardians and any school-age children in your family. Cost: £2.00 per family/per session.
