

As a Training School, we offer a menu of activities/training, run both at school and as outreach opportunities. These are offered to all primary, secondary and special schools both within the local authority and beyond.

We are also keen to support the development of the wider children's workforce, through offering training and other forms of support to organisations and agencies that will have a positive outcome for young people and their parents/carers.

Besides the planned menu of activities, we are also keen for other schools, agencies and organisations, to contact us to request any training needs they may have identified.

Please complete the following form to request any training requirements you feel Woodchurch High School could offer you support with.

Name: _____

Organisation: _____

Address: _____

Contact Number: _____

Email: _____

Areas of support requested:

Please tick if you require a menu of activities.

Please return completed form to:

Mr L. Bannon
Assistant Headteacher
Woodchurch High School
Carr Bridge Road
Wirral
CH47 7NG

Please feel free to contact the school at any time to discuss any aspect of this information.

Woodchurch High School is a highly successful 11-16 comprehensive school, on the outskirts of Birkenhead, Wirral, with over 1,300 pupils on roll. We cater for the full ability range and also have a base for pupils who are on the autistic spectrum. We are proud of our inclusive practises.

We were granted Engineering College Status in 2002 and as a High Performing Specialist School, were then awarded a second specialism - Training School - in 2009. This was in addition to numerous other external awards.

Training at Woodchurch

As a school we are committed to developing, through training, the whole school workforce. We have a strong commitment to Continuing Professional Development (CPD), coaching, mentoring, induction and training the future school workforce (both teaching and support staff).

It is our vision to support other schools and agencies in their desire to also develop their workforce.
